PROFILE

- I am a results-oriented and self-driven professional seeking an entry position in software development.
- My previous job as an automotive technician has provided me with a well-rounded analytical background and enabled me to develop a logical pragmatic approach to tasks, and the ability to work under pressure.
- I am reliable, hard-working with strong attention to detail and eager to learn about new technologies. I am able to work well both as a part of a productive team and on my own initiative.
- I am seeking a job within a company that offers flexibility and opportunity to grow both personally and professionally.
